SELECTED LIST OF FUCHSIAS
From the Lester Rose Gardens, Monterey, Calif.

This offering of some of our choicest Fuchsias, selected from our large collection, is made in response to the greatly aroused interest in Fuchsias by flower lovers. The nomenclature of Fuchsias is badly muddled but it is believed that the descriptions given, made from the plants themselves and their names are correct. Fuchsias are most easily grown in mild climates out-of-doors if given shade, ample moisture and rich soil, and their long blooming season is almost unequalled by any other flower. Varieties suitable for training in climbing or tree form are designated by the letter "C" following the name. "S" in the description means Small, "L", Large.

PRICES, except as otherwise noted below; Small plants, 4 to 8 inches high, 35¢ each; Large plants, 8 to 15 inches high, 65¢ each; Extra Large Plants and Standards, \$1 to \$1.50 each. 10% discount on orders of \$5 and over. Add 2½% sales tax on orders to California points. WE PREPAY SHIPPING COSTS to any California address on orders for \$1 and over; elsewhere for 15% additional to partly cover cost.

THE LESTER ROSE GARDENS Roses and Fuchsias MONTEREY, CAL.

ABBE FARGES Small, very dainty flowers with petals of lavender with white base and red veins; bright red sepals; handsome foliage. Continuous bloomer and very showy. S and L

ARABELLA ("Lieut. Mauritz") Deep rose pink petals flushed magenta; spreading, white, green tipped sepals; white calyx tube, pink flushed. Large showy flowers. S and L

BALLET GIRL C ("Renan"; "Dancing Girl") Petals rich purple to deep pink; scarlet reflexed petals; a fine sort. S and L

BEAUTY OF EXETER Large curved petals beautifully shaded from deep fuchsia-pink to light purple veined red; spreading sepals of bright pink-scarlet, white tipped. Very fine. S

BLACK PRINCE ("Carl Blanc") Wide, spreading petals of rich purple with red base; recurved sepals of bright scarlet on both sides; a showy, handsome sort, fine bloomer. S and L

CARMEL BEAUTY (New) Single; clear rose-lavender petals beautifully veined with deep rose; long, narrow, spreading, deep pink sepals; strong grower, heavy dark green foliage. S

ELSA A striking, beautiful sort with pink petals, white and pink sepals, long white calyx tube. Fine bloomer. S and L

ERIC WALTHER C A rare sort, very attractive; short, folded petals of red-magenta; narrow sepals; blooms profusely in large clusters with quite unique effect. S and L

GEROLDSTINE Very large, handsome, double flowers with petals of bright rose-magenta and sepals white with delicate pink flush; one of the most striking of all fuchsias. L

HARRY Jr. Named for the son of Monterey's famous fuchsia specialist; dark heliotrope petals, semi-spreading; dark scarlet drooping sepals; fine dark foliage; unique. S and L

FAIRY C Strong, rapid grower, attaining tree size; persistent, continuous bloomer; attractive, neat foliage; petals shaded pink to purple; sepals wine red. S, L and Standards

GEROLDSTINE Very large, handsome, double flowers; petals of bright rose-magenta; sepals white with pink flush; one of the most attractive mammoth-flowered sorts. L

KATHLEEN C An ideal climbing Fuchsia; a bundant foliage with long leaves; long buds; deep plum-purple flowers with red base; drooping fuchsia-red sepals; free bloomer rank climber S and L

LONDON C A rank grower attaining tree size; persistent, showy bloomer; profuse rich purple flowers shaded to red; deep scarlet sepals: a fine climber, always attractive. S and L
